

THE AMERICAN JAZZ MUSEUM

the 18th and vine authority

KANSAS CITY, MISSOURI

The American Jazz Museum focuses on the rich mix of music and life in Kansas City. Featured artifacts, listening stations and a Jazz Studio, where interactives allow visitors to mix and create their own compositions. In addition to detailing, fabrication and art production, Explus, Inc. was deeply involved in the engineering and prototyping of a large number of interactive workstations and audio-visual programs. Explus was also responsible for the art production as the vibrant and layered graphics.
