

Capability Statement

EXPLUS

GSA Advantage!

Core Competencies

Over the past 44 years EXPLUS INC has developed key core strengths in providing quality museum exhibition fabrication and design build services.

Services Include

- Exhibit Installation, Exhibit Engineering, Custom Exhibit Fabrication, CNC Cutting, Project Management, Pre-Construction Services, Detailing, Design/ Build Collaboration, Exhibition Lighting, Scenic Environments, AV Systems Engineering, Multimedia Interactives, Artifact Mounting, Custom Artifact Casework, Detailing, Graphic/Art Production and Electro-Mechanical Interactives.

Differentiators

EXPLUS excels in museum fabrication services with its experienced team and high-quality results. Expert staff handle on-site installation and internal electrical wiring, while exhibit case lighting is a specialty, including UV protection and fiber optic systems.

A dedicated department focuses on interactive and multimedia exhibits, utilizing specialized technicians with extensive experience in mechanized systems and electrical work. EXPLUS delivers exceptional precision and craftsmanship, exceeding expectations in the museum industry.

Past Performance

The EXPLUS INC team has over 310 years of experience creating, building & installing for renowned customers worldwide with the capabilities to produce multiple high-end display concepts.

Past Projects

We are Baseball Traveling Exhibit: \$1.5 Million Completed between 1/31/2016 and 6/30/2016 5 traveling mobile trailers, each approximately 500 sq ft each. These were all new trailers outfitted with exhibits fabricated by Explus Inc — the installation of all flooring, painting and all exhibit structures including all graphics, artifact cases and structures, and all artifact mounting.
